We will ensure that all our learners including those with a disability, aspire to the highest of standards, are economically aware and make a positive contribution to the wider world. In order to enjoy and access a balanced, rigorous and inclusive curriculum through which children learn effectively, the staff, trust and governance aim to work with the wider school community,

- To positively encourage awareness and acceptance of disability both in and out of the classroom.
- Not to treat disabled pupils differently for a reason related to their disability;

Definition of disability:

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

Academies are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

Purpose of the plan:

To reduce and eliminate barriers in accessing the curriculum and to enable full participation in the academy community for pupils, prospective pupils and adult users with a disability. This plan sets out the proposals to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the academy curriculum;
- improving the environment of the academy to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery of information which is readily accessible to pupils who are not disabled.

Monitoring arrangements:

This document will be reviewed every 3 years but may be reviewed and updated more frequently if necessary. It will be reviewed by the SENCO and the Principal.

It will be approved by governance.

Action Plan

Increasing the extent to which disabled pupils can participate in the academy's curriculum

Increasing access for disabled pupils to the academy curriculum and improving teaching and learning lies at the heart of the academy's work. We aim to meet every child's needs within mixed ability, inclusive classes. It is a core value of the academy that all children are enabled to participate fully in the broader life of the academy. Consequently, all children can attend age-relevant clubs, leisure and cultural activities and educational visits.
