- c) Provide a framework for responding to an incident and recording and reporting the outcomes

## 2. Legislation and guidance

2.1 Primary and secondary phases

2.2 This policy is based on advice from the Department for Education on first aid in schools and health and safety in schools, and the following legislation:

- a) The Health and Safety (First Aid) Regulations 1981, which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- b) The Management of Health and Safety at Work Regulations 1992, which require employers to make an assessment of the risks to the health and safety of their employees
- c) The Management of Health and Safety at Work Regulations 1999, which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- d) The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- e) Social Security (Claims and Payments) Regulations 1979, which set out rules on the retention of accident records
- f) The Education (Independent School Standards) Regulations 2014, which require that suitable space is provided to cater for the medical and therapy needs of pupils
- g) This policy complies with our funding agreement and articles of association.

### 3.9 First aid procedures

3.9.1 In the event of an accident resulting in injury:

- b) The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- c) The first aider will also decide whether the injured person should be moved or placed in a recovery position
- d) If the first aider judges that a pupil is too unwell to remain in the Academy, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents:
- e) Please note: If a child requires further medical care, the academy still maintains loco parentis, until the care of the child is passed on to parent/carer or guardian (including an identified adult at the parent's request).
- f) Therefore, if a parent is unable to collect a child requiring medical care, the academy should arrange and supervise transport. A child should not be placed on a bus or in a taxi, unless accompanied by a member of the academy staff or by the parent/carer/guardian. The academy Principal is responsible for deciding the escorting staff member.

3.9.2 If following a first aid assessment from a qualified first aider, there is uncertainty or concern on what further care the child requires, 111 or 999 should be called.
